

BOARD OF SUPERVISORS WILL COOPERATE WITH R. R. COMMISSION

Will Amend Law Governing Peddlers' License; Will Purchase Scales to Weigh Coal

Cooperation of the board of supervisors in the inspection of San Mateo county's grade crossings by the state railroad commission was arranged for at Monday's meeting of the board here, when County Supervisor George A. Kneese was appointed to act with the state engineer in the matter.

On request of Tax Collector A. McManaway consideration was given by the board to the amendment of the present county law relating to licenses for peddlers and other transient dealers.

Purchase of suitable scales for the checking of coal deliveries by Edward Ford, county sealer of weights and measures, was ordered by the board.

Reports were received from J. R. Edwards, superintendent of the county farm; A. W. Tate, Jr., county agricultural commissioner; Miss Florence Borges, secretary of the social service commission, and from the county traffic squad.

Peddlers' licenses were granted to O. D. Edwards, 22-year-old student at Stanford University, was killed on the San Francisco highway last Sunday when his motorcycle collided with an automobile driven by John Grill of 50 Santa Teresa avenue, San Jose.

The accident happened near Menlo Park, when Edwards, who was traveling south, attempted to pass the automobile, which was proceeding north. It was reported that the accident is said to have been caused by confusion on the highway.

CITY COUNCIL ADJOURNED There was no meeting of the city council Monday night on account of lack of a quorum, several of the members being out of town for the holidays, and Chairman McNulty, after Clerk Price had called the roll, announced that adjournment would be taken until next Monday night.

The Jefferson Acre sewer question was to come before the board Monday night and this will be taken up next Monday night, when City Engineer Dimmitt will present plans and specifications for the work.

UNREASONABLE DEMOCRATS Just because Jim Reed was right on the league of nations issue a lot of Democrats can't forgive him. Do they want him to be wrong on everything?

Wanted--For Sale For Rent--Etc. Coast ranch for sale, 312 acres all cleared, about 20 barn buildings in fruit orchard, balance rolling. A good building on 20 acres. A. D. Walsh, 39 Broadway, Redwood.

Three adults with child desire two furnished rooms for one room and a sleeping porch with bath, with board for one or two months; would like garden or grounds where we can be outdoors during day and evening. Address J. Traylor, Mills Bldg., 3 P., or tel. Douglas 3336 bet. 11 and 12.

Lost--At Atherton near highway a small black Pekinese dog, blind in one eye. Liberal reward will be paid for its return to the residence of L. Peterson, Atherton. Photo, tele. Alto 2238 or phone 2719, Redwood.

Lost--Child's black hat in Redwood City from automobile. Please return to Emerald Lake Girls' Club or phone Redwood 6247.

Position--For high class agent to represent strong financial institution in this county. Permanent. Large returns. References necessary. Write Wyan & Schmitt, 19 California street, San Francisco.

Lost--Ladies' wrist watch, initials E. M. T. Phone Redwood 313-M.

For Sale--Good milk goat, reasonable. Address Mrs. C. Jacobson, Santa Cruz avenue, Menlo Park.

For Sale--A gentle bay saddle horse 12 years old. Reasonable price. Later can ride her. Inquire at Times-Gazette office for particulars. 75-44.

The Pratt-Love Preserving Company carries will open for this season on Wednesday, July 12, 1922, at 8 o'clock a. m.

For Rent--Two single rooms, one 3-room apartment and garage. 523 Stambaugh.

BAD WRECK LAST SUNDAY AT MILLBREA

Seven persons were injured, none of them seriously, when a San Mateo interurban car bearing pleasure seekers from San Francisco jumped the track near Millbrea last Sunday. The accident happened when the rear truck of the car climbed the rails on a curve and threw the rear end of the heavily loaded car caught and held upright by a heavy cypress hedge surrounding the ranch house of the Millbrea dairy.

San Carlos News D. C. Ross and family have moved down from San Francisco and are occupying the place they recently purchased from Asa E. Hull at 630 Walnut street.

Mrs. Helen Bao of this city filed suit for divorce from Frank Bao on Monday, alleging desertion. Mrs. Bao also has custody of one adopted child with \$15 per month for maintenance. The couple were married in San Francisco in December, 1914, according to the complaint.

Alleging that he has been damaged to the extent of \$2,700,000, J. Vogel, attorney of San Francisco, filed suit here on Monday for the ousting of A. D. Hensel, president of the Stanislaus Development Company, alleged owners of the Big Dipper mine in Pleaser county. Willful neglect of development of the mine by the part of Hensel and H. E. Vogel, secretary of the company, has resulted in stock assessments for the purpose of "freezing out" Vogel, a 10 per cent owner in the mine, it is alleged. Properly handled the mine would produce \$27,000,000, Vogel alleges. He petitions the court to award him his pro rata of the alleged millions. In lieu of the fortune Vogel will take an accounting of the affairs of his mining venture along with the ousting of Hensel as president, the complaint states.

PAPERS FILED On Monday the nomination papers of Judge Charles A. Shurtliff, candidate for associate justice of the supreme court, were filed in the office of the county clerk by his nomination deputy. Only 50 signatures were required on the petition and these were secured in a very short time. The judge will receive the solid vote of his county. His election is now assured, it's only a question of how much the plurality will be.

MASS MEETING A mass meeting was held under the direction of the Peninsula Bureau of Chambers of Commerce and Civic Associations last Friday evening at Alhambra Hall, Redwood City. Honorary Secretary P. T. Towne, Vice President E. S. Medina, Second Vice President George Morelli, Third Vice President J. S. McDevitt, Honorary Secretary J. H. Sullivan, Treasurer Asa Hull and Executive Secretary R. H. K. Smith were present.

President Towne declared the objects of the called meeting to be to hear the Southern Pacific and the Union Pacific railroad's sides of the recent decision of the United States supreme court ordering the unmerging of the Southern Pacific and Central Pacific railroads. His plea in calling upon C. W. Durbrow, attorney for the Southern Pacific, who spoke eloquently and lengthily against the unmerging. Mr. Durbrow stated that his company had requested the supreme court for a rehearing in the matter. President Towne then called upon F. G. Athearn, attorney for the Union Pacific, who, on his side, after which P. R. Thompson, chairman of the transportation committee of the bureau, read the findings of the committee. Resolutions requesting that the court order for the unmerging of the Southern Pacific and the Central Pacific were carried out, stating that this section would be greatly benefited, as it would make Redwood City a transcontinental railroad terminal.

ZOOLOGIST TALKS EVOLUTION While clergymen are discussing evolution in orthodox and unorthodox ways, the subject is expected to prove one of the interesting features of the series of lectures given by Dr. J. B. Mulliken at the University of California, which opened July 1. Dr. Mulliken, who is the head of the department of zoology, will go to Los Angeles to deliver the lectures. Dr. Mulliken will also give a course on comparative anatomy of vertebrates and will conduct research work in this department.

LARGE INCREASE With 243,653 depositors shown in its statements of condition, published last week, the Bank of Italy reported a gain of more than 52,000 customers for the first six months of 1922. During this same period the bank's resources have increased from \$194,179,449 to \$213,584,833, a gain of over \$18,000,000.

KILLED BY AUTO W. B. Ferguson, a farmer living at North Fair Oaks near Atherton, was killed at Belmont last Saturday morning when a bicycle he was riding struck a trailer attached to an automobile truck driven by E. C. Merrill of Campbell. Merrill said his first knowledge of the accident came when passing in a bicycle he had collided with the trailer. Authorities are conducting an investigation to discover if Ferguson was negligent when a bicycle he was riding struck a trailer attached to the highway just previous to the discovery of the accident.

NOTICE OF DISSOLUTION OF PARTNERSHIP Know all men by these presents that the partnership heretofore existing between E. C. Merrill and E. B. Ferguson, known as the "E. C. Merrill and E. B. Ferguson Partnership," and doing business under the name and style of "E. C. Merrill and E. B. Ferguson," which was organized in San Francisco, California, has been dissolved by mutual consent. The interest of E. C. Merrill in said partnership, and the interest of E. B. Ferguson in said partnership, are hereby sold to E. C. Merrill, who is the sole owner of the partnership, effective July 1, 1922.

PACIFIC CITY ENTERTAINING BIG CROWDS THIS WEEK

Estimated Attendance Over 100,000; Redwood City People Revel With Happy Throngs

Redwood City celebrated Fourth of July at Pacific City, along with other communities of the peninsula, all taking part in the four-day celebration of the new San Mateo beach and pleasure resort. Crowds estimated at from 75,000 to more than 100,000 persons from San Francisco and peninsula points gathered to patronize the features of the new park, including dance halls, various riding devices, surf bathing and the usual band concerts. The day was perfect and the climate of the peninsula, emphasized in the minds of the San Franciscans, who had left their city under a blanket of fog.

WORK STARTED ON TUNNEL Much activity is manifest in the foothills back of Redwood City, where work on the Hotch Hotel tunnel has been started. An approach to the tunnel is being made through the Allis-Chalmers property. The Francisco road was on an outcrop to King's Mountain during the recent holidays.

DELINQUENT TAXES Delinquent tax sales of 323 lots in San Mateo county have been recorded here by Tax Collector A. McDevitt under the law providing for the public sale of lands allowed to remain delinquent for a period of five years. The bill provides that after January 1, 1923, the number of officers shall not exceed 12,000. However, operation was authorized by authority to carry a certain number as "extra" until absorbed by the natural losses in each grade.

STATE'S STATEMENT

More vital to the state or the nation than the personal aspirations of any man is the maintenance of a system of government consonant with the ideals and interests of the people.

Realizing that, because of reactionary activities, a change of administration at this time would mean a complete change in the character of government that this state has endorsed and ratified on many occasions, I hereby submit my candidacy for re-election as governor of the state of California.

The greatest good to the greatest number, the maintenance of law and order, and the progressive development of the human and material interests of this state have been the guiding principles of my administration of the state's affairs and of the legislation that I have approved.

This has been evidenced in our agricultural progress, in our educational expansion, in our extension of child welfare work, in our anti-alien legislation, in our highway development, in our soldier welfare plan, in our legislative support of national constitutional prohibition, in our equalization of taxes, in our public service corporations should pay their just proportion in harmony with the demands of our state constitution, in our increased efficiency through administrative reorganization and consolidation and in other measures, upon which I am prepared to stand, as evidence of good faith and as a guarantee of the continuation of progressive policies in this state.

Notwithstanding the great increase in the cost of materials and in the cost of living that the nation has ever experienced, our state expenditures have been held to a strictly conservative basis in all our administrative functions. Only in the educational and constructive activities has there been any marked increase and the larger part of this has been necessitated by the direct vote of the people, whose right it is to determine how much money shall be used and for what purpose.

Even including those expanding activities California's state government has increased its expenses less proportionately than any other big business within the state and this increase has gone into developments which are vital to our future economic and business welfare.

In California after the war reactionary interests sought to control the legislature and to weaken the administration by a subtle and organized movement which was as dangerous to the economic welfare and democratic government of our people as any corporate control that has ever exercised in the history of the state, but fortunately in battling against these forces the people were victorious.

I am fully aware that these selfish interests have thrown down the gauntlet in the coming election and I feel called upon to fight again for the maintenance of government for the people, by the people.

The state's future is bright with promise. The rapidity of our progress and the safety of our institutions demand a government in which are combined a courage to meet the reactionary propaganda, an understanding of existing economic conditions, a cautious attitude toward increasing expenditures, a practical sympathy for the human welfare of our people and a constructive policy of state development.

KERRIGAN'S CANDIDACY

Judge Frank H. Kerrigan, associate justice of the district court of appeal, is winning the support of many new and influential persons in addition to being reassured by old friends of their activity in his campaign for a place on the supreme bench. Mr. and Mrs. Kerrigan are the father of all of our political beliefs are voicing their approval of Judge Kerrigan's career of 28 years' service in the judiciary of the state.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

PHOENIX
No. 2069.
Notice of Time Appointed for Probate of Will.
In the matter of the estate of Richard W. Hawthorn, deceased.
Notice is hereby given that Thursday, July 13, A. D. 1922, at 10 o'clock a. m. of that day, and at the Court Room in Redwood City, in the County of San Mateo, State of California, have been appointed as the time for the probate of the will of said Richard W. Hawthorn, deceased, said will being the last will and testament of said deceased, which said will is on file in the office of the Clerk of said County of San Mateo.

JOHNSON FOR SENATOR

It may not be out of place to note the platform of opposition to Senator Johnson announced by Mr. Moore in his statement. Mr. Moore says that he is running to beat Johnson because Johnson has been against Harding. Yet it is notorious that some of Mr. Harding's most noted and most desired supporters fought the election of Mr. Harding, while Mr. Johnson, while he has differed with Mr. Harding on the Four Power treaty, has been an earnest and enthusiastic and consistent supporter of the Harding administration.

The issue today is not whether Mr. Moore shall be the senator from California, but whether Johnson shall for six years more be the senator from California.

NO MORE LOANS

The occasion for government loans and should not have more government loans granted on grounds of national expediency. What Europe needs is a restoration of private industry through which the governments may get back on a normal basis. The investment of money in private enterprise is purely a private transaction and should be, as it eventually will be, conducted on purely business principles, so far as security, rates, interest and time are concerned.

FARMER RENOMINATED

Congressman C. N. McArthur of Oregon, who was renominated in the recent direct primary, is a practical farmer and farming is his chief occupation in private life, although he is also a lawyer. McArthur's herd of Jersey cows recently made a world's record in production of butter fat for a period of several months. McArthur is the leader of a movement to have congress meet in regular session in January following the general election, instead of December, 13 months after election.

ASKS DIVORCE

Alleging that Robert C. La Torres of Burlingame preferred the company of other women to that of his wife, Mrs. Eusebia La Torres, the wife, filed suit for separate maintenance Monday.

EAST SIDE HIGHWAY

That another highway down the peninsula is needed was demonstrated Tuesday when there was a big jam for Pacific City. Traffic was blocked and the congestion was so great that the thousands of cars could scarcely make headway.

WOODSIDE

Rev. Mr. St. John preached last Sunday from the words of Jesus in Luke 22:15. "This do in remembrance of Me." He spoke of the Taj Mahal, the most beautiful tomb in the world, built as a memorial to the favorite wife of Shah Jehan. The pyramids were intended as memorials to kings, men have an ambition to be remembered and have many things to make themselves famous and sometimes infamous. Jesus left no monument of brass or stone, left no written word, delivered no great orations and died the death of a criminal. And yet his memory is an imperishable one, but the only symbol was a bit of bread, which when eaten was to call to mind the love and self sacrifice of one who gave his life for others, an inspiration and example to his disciples to show a similar spirit of loving service for others.

WOODSIDE

MENLO PARK NEWS

Disabled veterans from all portions of the country now meeting in San Francisco visited the veterans' hospital here on Thursday. They were made acquainted with the "buddies" and had a delightful afternoon in going over the many incidents of the world war. The visitors were entertained and dined at the institution. They went away well pleased with the way in which the institution was conducted.

The Dr. Falder place adjoining Holy Cross cemetery was sold during the week to a San Francisco party. The price paid for the property was \$14,000.

During the week the Anderson home near the Frank Johnson dome was sold to a business man of San Francisco.

The women of the Menlo Park Presbyterian church will give a luncheon and food sale in the Maloney building on the state highway opposite the drugstore, today.

Mr. and Mrs. William H. Poole are coming to California from their home in Warren, Pa., and will occupy their home at Menlo Park. Mr. and Mrs. Richard Hillman have the house now and will take another place in Menlo when the Poole family arrives.

At a nuptial mass celebrated by Father J. B. Hannon, the beloved pastor of St. Philip's church in San Francisco, Miss Gertrude Gilchrist, the pretty daughter of Mr. and Mrs. Charles Gilchrist and Adrian Carlton, only son of Mr. and Mrs. Arthur Carlton, were united in marriage at 9 o'clock in the Church of the Nativity Wednesday morning. The altar and sanctuary were beautifully decorated in a color scheme of yellow, this being the color of the attractive bridal costume as well as that of the attractive dress of the charming bride, Miss Cecelia Carlton. The groom's attendants were Boyd Gilchrist, brother of the bride. After the impressive ceremony the bridal party repaired to the Gilchrist residence in North Palo Alto where the wedding breakfast was served. About 50 friends of the young couple were present. During the afternoon the young couple motored away to Lake Tahoe and before returning will spend some time at the Yosemite. They expect to be away about a month. On their return to Menlo Park they will remain for a brief visit, going from here to Antioch, where Mr. Carlton has been appointed the manual training teacher in the Antioch high school. He is a graduate of the high school at Redwood City, the state normal school at San Jose, the Santa Barbara Normal School. He also attended the summer school at Stanford. The charming and winsome bride was born and raised in this community, where she has a host of friends. Mr. and Mrs. Carlton have the best wishes of all for a happy and prosperous wedded life.

Col. Robert H. Stanley, commander of the veterans' hospital here, was complimented at the recent state convention of the Veterans of Foreign Wars held in Los Angeles, when the delegates passed resolutions commending him for his work among the disabled men at Palo Alto, declaring that he had maintained a higher morale than ever had been found before in the institution and expressing the hope that he would be retained indefinitely at this post.

Mr. and Mrs. Sarah Chamberlain gave a swimming party on Sunday at their home in Menlo Park. They have established the custom of entertaining their friends in this way every Sunday and the swimming party is followed by tea. They have the largest swimming pool in the colony and the young friends of their children gather there nearly every day for swimming.

Mrs. Paul Wedgeworth has arrived from her home in Coronado and she is visiting in Menlo Park with Mr. and Mrs. Alexander Hamilton.

Miss Ruth Thompson of Santa Clara has been selected by Fred Nease as saleslady in the Little Green Door. Her mother was formerly Pauline Blanchard, whose girlhood was spent in Menlo Park.

Leon Douglas has installed a \$50,000 organ in his residence. The base of the instrument rests in the basement of the building, the music portion being in the beautiful drawing room. The organ is among the finest on the peninsula.

Mr. and Mrs. George Nunn celebrated their silver wedding Sunday of last week, receiving many useful presents from their friends. That evening the couple was given a dinner at the pretty home of Mrs. Cora Parker on the highway. Besides a number of local guests there were several out of town friends. Mr. and Mrs. Nunn were married here in Menlo Park 25 years ago.

Belle A. Bidde of Alma is here as a guest of Sarah A. Fry at her pretty bungalow on the highway. She is a daughter of Attorney Allen, at one time the attorney general of the state of California.

Not since the days of Camp Fremont has the local Southern Pacific Company's office done more business in passenger and freight traffic. All the material for the base hospital buildings is shipped to this point. The passenger business has grown tremendously in the past few months. Hundreds of tickets have been sold here to all parts of the east during the past months.

Mark A. McCann reports a very active market in the Menlo Park and Atherton districts. He also reports having taken over the selling agency from the bank for the remaining lots in the beautiful Menlo Oaks tract, which are to be sold very cheap to close out the tract. He also reports the following sales:

How did your neighbor's last bargain tire turn out

PROBABLY you know at least one car-owner who is always on the look-out for the cheapest tires he can find. He likes to get them by mail or at a sale or at some place where they have big red bargain signs over the door.

It would be fine if he could get "the edge" in every tire trade.

But the dealer can't afford to let him have it.

Even if a man saw any slight percentage in tire shopping at all—it disappeared when the "USCO" brought the price down.

A standard product—and the dealer sells it with pride.

A good tire. The dealer has no desire to trade you into a larger profit for himself.

MOTORISTS HERE JOIN CAREFUL CROSSING CAMPAIGN

Interest of automobile owners here has been enlisted in the four months nation wide "careful crossing campaign," through which the American Railway Association is now seeking to prevent highway accidents at grade crossings, involving railroad trains, vehicles and pedestrians.

An extra measure of power with every gallon drawn from this pump.

Gasoline, mixed with air, makes gas, and gas makes power.

How much power depends primarily upon how completely the gasoline vaporizes in the carburetor.

"Red Crown" vaporizes 100 per cent. Every atom mixes with many times its weight of air and combusts cleanly and powerfully, leaving a minimum of carbon residue on spark plugs, valves and cylinder heads.

That's why you get more power and mileage and a sweeter-running motor when you use "Red Crown."

Fill at the Red Crown pump—at Standard Oil Service Stations, at garages and at other dealers.

STANDARD OIL COMPANY (California)

Established 1853

Permanently Removing Spots by the F. Thomas Process

If spots come back after your clothes have been to the cleaners, they haven't been thoroughly cleaned.

Spots that appear in clothing caused by grease, food stains, etc., quickly collect dust and dirt. They can be permanently removed by the "F. Thomas Process" without injury to the fabric.

The "F. Thomas Process" is a highly developed, scientific method of cleaning by which we obtain the perfect work for which this establishment is noted.

Every drop of cleaning fluid that we use is carefully re-distilled in our plant. Special equipment that we have installed to properly handle this work represents an investment of thousands of dollars.

The cheap, "just as good" cleaner either washes your clothes in dirty gasoline, or soaks his gasoline with strong sulphuric acid. It is dangerous to have your clothes cleaned in "acid" gasoline. It is economy in the long run to have your clothes cleaned by the "F. Thomas Process."
